

July 31, 2018

To: All United States Customers

The transportation industry has been impacted by the rising cost of raw product as well as component parts and energy costs and tariff's. Silver Eagle Manufacturing has been diligent in seeking ways to balance these costs while delivering the highest quality product. However, Silver Eagle has now reached a point where we must pass along some of these increased costs.

Effective Sept 1, 2018, Silver Eagle's Parts prices will increase by approximately 6%. Silver Eagle Mfg. will also be adding a steel surcharge to Dollies pricing. For Single axle dollies this breaks down as follows:

Meritor Hub and Drum \$142.00

Meritor Beam and Brake \$98.38

Steel at 1164 Lbs. \$349.20

Import Parts \$35.14

Total Steel Surcharge per Single axle dolly is \$624.

I appreciate your business and continued support, our team and I are looking forward to working with you in 2018.

Please feel free to contact me and/or the Silver Eagle team if you have any questions.

Sincerely,

Brian MacKenzie

Vice President of Sales
